

MYLine

Low-profile roller brake testers for light and hd vehicles 

LOW-PROFILE ROLLER BRAKE TESTERS FOR LIGHT AND HD VEHICLES

MYLine is the new range of **Corghi brake testers** able to satisfy the testing needs of automotive professionals: from independent pre-check workshops, to specialized testing centres, for both light and HD vehicles.

MYLine features a compact design of roller benches which meets the different layout demands of modern workshops, combining advanced technology (manual/automatic operation, start-up monitoring, slip switchoff, switch-off after driving out of the test bench) and smart solutions (pointer display or SW interface on PC).

ROLLER BRAKE TESTER FOR CARS & TRANSPORTER VEHICLES

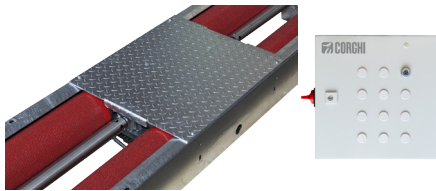

ML C300R - ML C350R

	ML C300R	ML C350R
Track	820-2.160 mm	800-2.200 mm
Roller diameter	167 mm	205 mm
Testing speed	2,6 Km/h	5 Km/h
Braking power	6 kN	4,5 kN
Motors	2 x 2,4 kW	2 x 3 kW
Testable axle load	2,6 t	2 t
Voltage	3Ph - 400V - 50Hz	
Rollers	welded surface	gritted coated

ML C600R

Track	800-2.800 mm
Roller diameter	205 mm
Testing speed	5 Km/h
Braking power	6 kN
Motors	2 x 4 kW
Testable axle load	2,6 t
Voltage	3Ph - 400V - 50Hz
Rollers	gritted coated

Features - Accessories

Pointer display

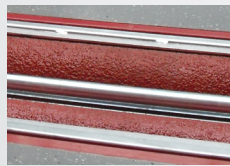

USB converter

IR remote control

Gritted coated rollers

Welded rollers

ROLLER BRAKE TESTER FOR TRUCK

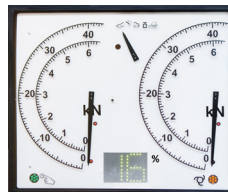

ML C1300R

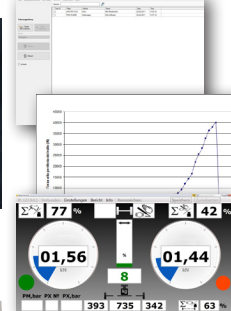

Track	800-2.800 mm
Roller diameter	205 mm
Testing speed	2,6 Km/h
Braking power	32 kN
Motors	2 x 7,5 kW
Testable axle load	12 t
Voltage	3Ph - 400V - 50Hz
Rollers	gritted coated

Features - Accessories

Pointer display

SW for PC

ML T1300R

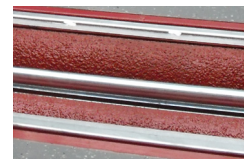

Track	800-2.800 mm
Roller diameter	205 mm
Testing speed	2,6 Km/h
Braking power	32 kN
Motors	2 x 7,5 kW
Testable axle load	12 t
Voltage	3Ph - 400V - 50Hz
Rollers	gritted coated

LED display

Gritted coated rollers

USB converter

IR remote control
